Request to ZBA Motion

The applicant has made a request for the approval of an amendment to his previously approved Site Plan for Walker Shores Condominium. Specifically, Mr. Walker is looking for approval for the Site Plan to designate a specific area for the potential future development of storage structures. The ordinance does not speak directly to the issue of whether storage units are permitted on general common areas. Therefore, we request that this Amended Site Plan Application go to the Zoning Board of Appeals for interpretation of the ordinance.
